## SUMMARY

Solution-driven web developer, able to collaborate in a team environment as well as effectively self-manage during independent projects. Dedicated to driving innovation with the ability to follow industry and tech trends. Proficient in HTML/CSS/SASS, JavaScript (ReactJS, NodeJS, AngularJS, jQuery), Databases (MySQL), PHP, Git/Github and VBA. With a background as an accountant, I can meet projects deadlines, and solve challenges with data management, dashboards, and expense analysis.

## WORK EXPERIENCE

**Vancouver Fashion Week**          **Vancouver, BC**
*Volunteer - IT intern*          *Jan 2023 - Feb 2023*
- Redesign and update the information on the company's websites using Wix (CMS). Implemented dynamic pages (pages using databases of Wix) to make easier and quicker management of information and improve the performance of the websites.
- Data entry and general support with IT tasks requested by the company.

**EDP Brasil**          **São Paulo, Brazil**
*Jr. Analyst of Asset Management*          *August 2019 – June 2022*
- Directly responsible for automating various tasks in the area with programming languages (VBA) and Excel, bringing greater agility and efficiency to the team. More than 20 projects were made in total, usually reducing the task time by 50% on average, giving the team more freedom to complex analysis and reducing time spent on repetitive tasks.
- Provided reports (using PowerPoint) with the summary of the main expenses separated by a group of accounts (Personnel, Material, Services, and others).
- Responded to the external audit service about internal and external controls and answered additional questions as demanded.
- Provided the mandatory accounting statements required by the international accounting board.
- Worked constantly with SAP, especially with the SAP FI and SAP CO.

**Sherwin-Williams**          **São Paulo, Brazil**
*Accounting Intern*          *April 2018 - April 2019*
- Provided monthly, quarterly, and annual accounting services. Also organized archives as the manager requested.
- Organized, verified and reported on employees' corporate credit cards.
- Conferences of accounting accounts, balance sheets, and stock of materials.

## EDUCATION

**Tamwood Careers College**          **Vancouver, BC**
*Web development*          *Expected Diploma Graduation Date: August 2023*

**University Metodista**          **São Paulo, Brazil**
*Bachelor's Degree in Accounting*          *December 2020*
